**Class:** Five

Faizan is fifteen years old and studying in 5<sup>th</sup> class. He has four sisters and one brother. His father is a heart patient but works on daily wages. His mother's name is Shahnaz and she is also sick and can't work. Faizan's elder brother works to help support of the family. The family is very poor. They are living in very small home. The family cannot afford the cost to get them education.

The Agape Pakistan Charitable Foundation we partner with is helping this boy for his education using the foundation's limited resources. We need sponsors for this child to help provide the \$360 needed for annual support for him education, basic health care, and Sunday school. We ask you to prayerfully consider helping this child to be a good Christian citizen of Pakistan.
