Name: Gulam Ramzan
Father's Name: Ramzan
Date of Birth: September 23, 2015
Gender: Male

Gulam is six years old and studying in Prep class. He has three sisters. His father's name is Ramzan who is works on daily wages. His mother's name is Rubina Ramzan who is working in her home (stitching) to earn money for their food. They are living in a rental, a very small home. His parents' earning is not enough to fulfill the educational needs of their children. Gulam is very good in her study, therefore they have a strong wish to educate their children.

The Agape Pakistan Charitable Foundation we partner with is helping this girl for her education using the foundation's limited resources. We need sponsors for this child to help provide the \$360 needed for annual support for her education, basic health care, and Sunday school. We ask you to prayerfully consider helping this child to be a good Christian citizen of Pakistan.
