

OUR STORY

Pastor Rabrun Sanon oversees Ministry Evangelical Christ for All. Rabrun answered the call to ministry over 25 years ago and served many years in various capacities in Grand Goave, Haiti. In 2017, the Lord opened doors for him to start a church in Miragoane, Haiti.

Today, the church is in two locations and teaches the Gospel to more than 500 people. Beyond that, Ministry Evangelical strives to meet the basic needs of the community by offering education to more than 200 students and employing 22 Haitians: 4 pastors, 12 teachers, and 6 cooks.

The ministry exists through American partnerships as faithful followers of Christ respond to the needs of the Haitian people. Through the generosity of donors, we were able to purchase our own property and are in the process of securing it with a fence so that we can grow fresh produce right on our property.

PARTNER WITH US

Prayer & Financial Support

This ministry was birthed out of prayer. We desperately covet your prayers as we live out the mission of sharing Christ in Haiti. We thank you for your continued prayers.

If you feel a prompt to offer financial support to our ministry, simply scan the QR code below or visit our ministry partner, Agape Missions, by going to agapemw.weebly.com to give.

MINISTRY EVANGELICAL CHRIST FOR ALL

Serving and sharing the Gospel in the impoverished area of Miragoane, Haiti.

OUR VISION

As we seek to grow the church and school, our prayer is for the Lord to open doors that we might one day open a clinic and an orphanage. This long term project to establish care and accommodation for homeless orphans through the creation of an orphan center on land purchased for the main church site will be a major capital intensive project. The current priority is to secure the property with a fence that will allow us the best chance to grow our own produce right on our property.

OUR CHURCH

Ministry Evangelical has 4 pastors that shepherd the people of Miragoane by offering regular church services for two faith communities located about 10 miles apart in the mountainous area south of Lake Miragoane. As of 2021 land has been purchased and an open air church constructed on the main site. It is currently being used for schooling and meals as funds are raised to continue development.

OUR SCHOOL

We provide for over 200 orphaned and needy children in the mountains south of Miragoane with Christian based education. The goal is to provide the necessary text books, supplies and clothes to ensure these needy children are not disadvantaged due to their remote location and lack of government support. Cost is about \$3,000 per month.

We also provide 200 needy children and their families critical primary health care as often as we can. This includes meals five days per week.

As we seek to expand the ministry to include an orphanage and clinic, it is essential we build sustainable support in maintaining current operational expenses.
